

Interview Process

Our interview process is built around our culture.

1

Predictive Index

Helps us understand candidates and what environment they thrive in.

2

Culture Phone Screen

Determines whether we share core values and what type of environment the candidate is looking for.

3

Team Culture Interview

Meet with multiple people and not only assess company fit, but whether the team dynamic is also a fit.

4

Experiential Interview

Meet more team members and do a hands-on exercise that is customized around the position.

5

Socialization

Socialize with the team outside the typical office environment. Grab coffee, lunch, or a drink!
